The book has some other advantages, which make the learning material much easier. Here are some: 1) We delay teaching the ABC and the uppercase letters, because at this stage children don't need to use them. 2) All the words in the book are three letter words with short vowels. 3) Each letter has only its basic sound in different words. 4) The words are written with both animal/letters and the regular black letters. 5) Reading and writing are based on phonics: [k, a, t] = cat, cat = [k, a, t] 6) Exercises of the workbook are full of pictures, very easy and fun.
